TRUMAN STATE UNIVERSITY
INSTRUCTOR/ASSISTANT PROFESSOR IN HEALTH SCIENCE

**Position** – One year position in Health Science with contract renewal subject to funding availability.

**Requirements** – Minimum of a Masters degree required, doctorate preferred but ABD will be considered. Preference will be given to candidates with degrees and experience that would facilitate their contributions in a diverse curriculum. Candidate should have an interest in and background to teach classes that focus upon a minimum of three of the following courses: Global Health Issues, Consumer Health, Community Health, Environmental Health, Health in the Aging Population, Program Planning and Evaluation, or Marketing in Health Promotion. Prior college teaching experience is desirable. Candidates must also demonstrate a desire to foster and mentor undergraduate research opportunities. Participation on university committees and student academic advisement required. Desired qualifications include CHES with an interest in promoting certification among undergraduates.

**Application Requirements** - Send letter of application, **all** undergraduate and graduate transcripts (official), current resume (include teaching expertise), and three current letters of recommendation (dated January 2002 or later). Candidate must submit a copy of a proposed syllabi for three of the courses indicated above to: Christopher D. Lantz, Ed.D., Director of Health and Exercise Sciences, Truman State University, 212 Pershing Building, 100 E. Normal, Kirksville, Mo. 63501. Review of applicants will begin April 15th and the position will remain open until a suitable candidate is appointed. Position starting date is 15 August 2003 contingent upon candidate’s availability.

**Salary and Rank** - Commensurate with experience.

**Location** – Truman State University, Missouri’s premier, public liberal arts and sciences university, is located in Kirksville, Missouri. The university enrolls approximately 6000 students. For academic years 1996-97 and 1997-98, the Association for Worksite Health Promotion recognized the Health Science curriculum as the outstanding undergraduate curriculum. The highly selective admissions criteria, academic standards and high achievement levels by students have earned the university its national reputation. Kirksville is also the home of the Kirksville College of Osteopathic Medicine and the Northeast Regional Medical Center. Truman is an EEO/AA/ADA committed to cultural diversity.
